INTRODUCTION, DUTIES, AND RESPONSIBILITIES

INTRODUCTION: This position performs maintenance, removal, installation, inspection, troubleshooting and testing of aircraft rotor and propeller systems.

DUTIES & RESPONSIBILITIES INCLUDE, BUT ARE NOT LIMITED TO : (1) Tests and troubleshoots aircraft rotor and/or propeller systems using special tools and test equipment. (2) Performs troubleshooting of the power train systems using special tools and test equipment, diagnoses any system malfunctions and makes necessary repairs. (3) Subjects rotor, propeller, and power train parts to a variety of nondestructive testing to identify imperfections not otherwise detected. (4) Utilizing power hoists, special slings and balancing equipment, aligns and balances assembled propellers/rotor blades by making appropriate linkage adjustments and by making both chordwise and spanwise weight adjustments to bring blades into true balance. (5) After assembly or installation of the blade systems on the aircraft, makes final adjustments to balance, track, eliminate vibrations and ensure proper revolutions per minute (RPM) by checking blade track utilizing special tracking equipment and making weight, trim tab, and control linkage adjustments. (6) Performs operational checks of installed aircraft blades and associated sub-systems both in-flight and during aircraft maintenance ground runs. (7) Wears and utilizes appropriate safety equipment and follows pertinent safety precautions. (8) May be required to serve, if employed in an AVCRAD, on maintenance assistance and instruction teams (MAIT) and CONTACT Teams throughout supported area. (9) Performs other duties as assigned.

REQUIRED SPECIALIZED EXPERIENCE

Must have 18 months experience performing maintenance, removal, installation, inspection, troubleshooting and testing of aircraft rotor and propeller systems. Experience must have provided skill in the use of precision measuring and testing instruments such as precision micrometers and vibration analyzers to detect source of vibrations in propellers, rotors and engine systems.

Meeting the months of experience requirement will not by itself be accepted as proof of qualification. Quality, type, and scope of experience or education must be demonstrated to show that applicant is fully qualified to perform duties at the grade level announced.

SUPPLEMENTAL INFORMATION: KSA's (Knowledge, Skill, & Ability) Address the following factors in detail, giving dates of experience and in what position the experience was gained. This information is used only for ranking and rating of on-board technicians, and is additional information and not used for qualifying applicants. Resume must reflect applicable experience.

1. Skill in the use of precision measuring and testing instruments such as precision micrometers and vibration analyzers to detect source of vibrations I items such as propellers, rotors, and engine systems in order to troubleshoot, repair, and modify propellers, rotors, and components.
2. Skill in the interpretation and use of technical orders and other related technical guidance.
3. Knowledge and skill in performing operational checks of installed aircraft blades and associated sub-systems both in-flight and during aircraft maintenance ground runs.
4. Skill and ability to subject rotors, propellers, and power train parts to a variety of non-destructive testing t oidentify imperfections not otherwise detected.

SUBSTITUTION OF EDUCATION FOR EXPERIENCE

NONE

REQUIRED CERTIFICATION

NONE

SELECTIVE SERVICE STATEMENT

Males born after 31 December 1959 must be registered with the selective service system to be employed by the federal government.

DEFINITION OF "DUAL STATUS" VERSUS "NON-DUAL STATUS"

If marked "dual status", this position is in the excepted federal civil service under the authority of 32 U.S.C. 709 and is open to members of the Tennessee National Guard and persons who are eligible to become members of the Tennessee National Guard. This type of position is sometimes referred to as "excepted" and "military technician." Wear of the uniform after employment is mandatory.

If marked "non-dual status", this position is open to any person who meets the requirements for membership in the federal civil service. This type of position is also referred to as "competitive."

HOW TO APPLY

Persons meeting the requirements or qualifications for this position must submit a complete application packet to the address listed in the "MAIL TO:" section of this announcement. The application packet must arrive in HRO no later than the close of business on the closing date indicated on this announcement.

Application packet may also be emailed to FulltimeEmployment@tn.ngb.army.mil

THE APPLICATION PACKET

Complete, assemble, sign and send the following:

- (1) A resume with the information requested on TNNG HRO Pamphlet 58, or a SF 171, or an OF 612 to include military experience relevant to the position.
- (2) Military Qualification Information (DA 2-1) used to verify military status, not for qualification determination.
- (3) **ALL APPLICANTS** must complete form TN ASE 02 or on a separate sheet address the items listed in the SUPPLEMENTAL INFORMATION sub-section in order to compete for rating and ranking of qualified applicants.
- (4) Applicable Certificates requested in the Certification Requirements section of this vacancy announcement.

APPLICATION EVALUATION

Qualifications will be based solely upon information supplied in the application packet. (Described in depth, in the applicant's own words, and signed to verify accuracy.) Experience will be evaluated based upon relevance to the position for which the application is made. [Including job titles, starting and ending dates (DD/MM/YY), hours per week, duties, accomplishments, rewards, awards, employers' name and address, supervisor's name, and phone number, and if we may contact him/her]. If requesting qualifying credit for military experience, list experience, in detail, in narrative form on the resume.
